## SKILLS

## EXPERIENCE

[Click here for comprehensive overview experience + recommendations.](#)

### 2011 - Ongoing Training Consultant @ Petra Fisher Consulting.

I deliver a range of uniquely developed LinkedIn training programs to professionals, entrepreneurs and consultants. By delivering the 1-on-1 training through Skype, I've been able to successfully train clients in the US, Africa, Europe and Australia, resulting in nearly 80 recommendations on my LinkedIn Profile.

### 2010 - 2017 Trainer @ !WOON (previously ASW)

Being the only (part-time) trainer left the organisation vulnerable, and limited the number of workshops we could deliver. I changed my focus from clients to colleagues. Using their expertise to develop workshops, I used my didactic skills in a train the trainer role. This resulted in a variety of subject matter experts being available to deliver a broad range of workshops to our clients.

### 2007 - 2009 Public Educator @ WSWonen

Together with a colleague, we established a format for public meetings informing tenants of urban renewal projects and how they affected them. We helped them organise themselves in committees and trained them to negotiate with housing corporations.

### 1997 - 2007 Various Training Roles @ Darwin NT, Australia

Worked for various Registered Training Organisations (RTOs) including the Chambre of Commerce, developed and delivered nationally accredited training in the following packages: Training & Assessment; Business Services; and IT.

At the NT Government Department of Correctional Services, I delivered training in the International Computer Driving Licence (ICDL) program for which I was also a qualified examiner. At the phone counselling service Crisis Line I coordinated the training program for the volunteer phone counsellors.

ICONS ARE CLICKABLE

Below you'll find a brief overview of the ways you can work with me. All roads lead to Rome. In this case, the outcome is always an online presence that reflects the professional you are, showcasing your talents in a professional story setting you apart in a unique way.

## INDIVIDUAL

- Kickstart your story on LinkedIn, 2-hour intensive to discover the common thread that weaves your skills and achievements together + write two entries.
- Complete LinkedIn profile overhaul. From start (professional soul searching) to finish. 12 hours of my time, 8 hours of your time. Fun to do, serious results.
- To see where you are at... either opt for the LinkedIn Profile Quick Scan (which may hurt) or your LinkedIn Visibility Rollercoaster.

## GROUP

- Online LinkedIn Group Program. Conduct serious work in your PJs. Two hours 1-on-1 with me, followed by 8 weekly group sessions using ZOOM. Max 8 participants. Resulting in profile and strategic, active LinkedIn use.
- On request I offer various group training sessions for companies or other groups that bring together a minimum of 6 people.

## ONLINE

- Self-paced online training to create a profile that shows you for your expertise and development as a professional resonating with your ideal next client or employer. Dutch version updated and available from early October 2017. English version before Christmas 2017.
- Self-paced online training to create a strategy for consistent, active engagement on LinkedIn. Profile yourself as a thought leader in your field. It takes less time than you think and is fun once you know how to do so in a sincere and authentic manner.
