# ACCESS

### Patron Programme

ACCESS Patrons are employers of, or companies working with, international employees in the Netherlands. Patrons allow us to continue our services while also serving their own staff/ relations in a customised manner.

"... due to the feeling of isolation after moving to a new country, relocating partners place a high value on direct human interaction: face-to-face support is still the preferred format of support for 70% of partners."

ANSWERS TO QUESTIONS ABOUT MOVING TO AND LIVING IN THE NETHERLANDS Contact ACCESS **Deborah Valentine - Executive Director** edirector@access-nl.org www.access-nl.org

### Join our programme and...

- Enhance your own corporate identity
- Support your own HR services
- Offer prospective clients / employees a confidential resource for their questions
- Refer 'dual-career' accompanying partners to extra support
- Provide tailored attention to specific inquiries
- Become an active member of the local international community
- Show you care

## ACCESS

CCESS vision is to provide unique,

hrough the expertise and experience of its

SION

volunteer expatriate community.

### About us

ACCESS is a not-for-profit, locally based organisation which has, for more than 35 years been supporting the international community coming to, living in and leaving the Netherlands. We have created countless Ambassadors for the process, and have received awards and appreciation for our work.

#### What is our 'uniqueness'?

Our volunteers have all been through the relocation process: when we answer questions, we listen first – and answer from empathetic experience. «
